### **Big market for India in SA energy sector**

Indian utility vendors and services will find a huge market and scope in Africa, especially in South Africa's energy sector, according to Rajeev Singh, the Indian chamber of commerce (ICC) chief executive, speaking at the African utility week taking place at the Cape Town Convention Centre.

"The primary objective of the ICC is to connect with more than 7 000 industry professionals across the full spectrum of the sector to address today's challenges and implement tomorrow's solutions," Singh said. – ANA
